From the Desk of Fr. Henry Clay Hunt, III

My Dear People,

Science says that we need at least 4 basic elements to survive. Water, Air, Food and Light. And look what the Bible tells us about Jesus. 1. I am the living water, 2. I am the breath of life. 3. I am the bread of life and 4. I am the light of the world. Science was right, We need Jesus to live.

I hope you use your intellect to rise up to God. I long for the day that you are totally converted to God and that you are strong to realize that there is no dichotomy between God and creation; that they are in perfect harmony to one another. I hope you rise up to see that true science always points to God... God is the Lord of all science and science bears witness to God. May the Lord in His mercy give you a new epiphany of understanding that you may be able to refute the errors of the world with facility.

Ave Maria

Fr. Henry Clay Hunt, III

Mi Querido Pueblo,

La ciencia dice que necesitamos al menos 4 elementos básicos para sobrevivir, el agua, el aire, la comida, la luz y mira lo que la Biblia nos dice acerca de Jesús. 1 . Yo soy el agua viva, 2. Soy el Aliento de la vida, 3. Soy el Pan de vida y 4. Soy la Luz del Mundo.

Espero que ustedes usen su intelecto para acercarse más a Dios. Anhele el día en que estén totalmente convertidos a Dios y que sean astutos en darse cuenta de que no existe una dicotomía entre Dios y la creación; que están en perfecta armonía el uno con el otro. Espero que se den cuenta y vean que la verdadera ciencia siempre señala a Dios ... Dios es el Señor de toda ciencia y la ciencia da testimonio de Dios. Que el Señor, en Su misericordia, les dé una nueva epifanía de entendimiento para que puedan refutar los errores del mundo con facilidad.

Ave María

Fr. Henry Clay Hunt, III
